It is good way to preserve oceans and to create a new kind of business at the same time. While creating an artificial reef a new kind of cellar is developed.

Describe the activity

The Food Assembly brings together people to buy fresh food directly from local farmers and foodmakers.

With our technology and support, everyone gets a better deal: communities get to know each other, farmers get a fairer price for their work, and you get locally sourced, unique produce: the most delicious food available!

Selling through The Food Assembly, farmers and foodmakers get over 80% for every product sold, compared to the 15%-25% that most supermarkets offer them.
