

# TARANTO, A POSSIBLE URBAN RENEWAL

10 years old students since last year have been discussing with their teachers about the possible “reconversion” of their town. What can we do in order to reach the 11th goal indicated in the Agenda 2030?

They started with these drawings...and we hope that one of their dreams can become true soon!

3, 12 and 15

### **Who does it practise ?**

Small communities

### **Where?**

26 Miles Average distance of a product sold through The Food Assembly.

### **Why do you think that this best practice can be exported ?**

It is good way to preserve oceans and to create a new kind of business at the same time. While creating an artificial reef a new kind of cellar is developed.

### **Describe the activity**

The Food Assembly brings together people to buy fresh food directly from local farmers and foodmakers.

With our technology and support, everyone gets a better deal: communities get to know each other, farmers get a fairer price for their work, and you get locally sourced, unique produce: the most delicious food available!

Selling through The Food Assembly, farmers and foodmakers get over 80% for every product sold, compared to the 15%-25% that most supermarkets offer them.
